

Welcome to Rivendell Gardens

Rivendell Gardens was built 45 years ago and has grown over the years into a large tropical garden with beautiful shaded grass areas and water features. Damon and Connie Gore who have been the owners for the past 10 years are both keen gardeners who fell in love with Rivendell the first time they drove down the driveway back in 2009.

The gardens were of course well established however the pair added a few interesting and wonderful features and spaces to the place with the construction of a waterfall, turtle enclosure, walkway through the rainforest, and expanded the variety of plants and fruit trees.

For those of you who were at the last open garden in 2012 you will see things have grown and changed a lot over the years.

We hope you enjoy wondering around Rivendell, take your time, relax and unwind. Damon and Connie will be around if you have any questions.

Things to look for:

- Rainforest walk
- Waterfall and gardens
- Turtle enclosure
- Food and drinks
- Picnic spots
- Plants for sale
- Gigantic Banyan tree (*Ficus virens*)
- Mangosteen orchid
- Humpty Doo volunteer fire fighters

Food & Drinks

On Saturday St Francis of Assisi Catholic Primary School have a tea and cakes fundraising stall for the early learning center and Monique from Country Cuppa will be here on Sunday.

Please note:

- There are no toilet facilities, for emergencies please ask for Damon or Connie.
- Parents please ensure kids do not throw rocks into the pool or waterfall and watch out for those chili bushes!
- Sadly Rivendell Gardens is for sale, for more info please talk to Damon ph: 0401 115 816
